

WELCOME TO STORYTIME!

Please be sure to bring children early enough so that we may begin *on time*.

Please allow time after Storytime to help your children choose books to check out.

Suggestion: Toddlers might enjoy a little snack before they come to Storytime. Parents are expected to stay with children during their Storytime.

Some children are not ready for a group experience like Storytime. IF your child needs to “grow” a little before he/she can enjoy Storytime, please feel free to “drop out” for a while and try again later.

Adults may quietly stay and watch, but visiting aloud with other adults must be done outside the AMAX Room. Also, please keep younger children with you so that they do not distract Storytime children.

Thank you for arranging your busy schedule to make sure that your children have this special time each week.

Themes listed inside are subject to change, in case something special and/or different shows up.

Please try to bring your library card to check out books. It is a BIG help to the people at the desk.

The main part of the library will be open at 10 a.m.

PLEASE
Preschoolers should be closely supervised down in the library. They are much too small to be left alone.
